Proposed Project Location:

PT LT 1 CON 10 BURFORD AS IN A382258; COUNTY OF BRANT

Approximate Footprint: Approximately 30 acres

Ferma Energy is developing an energy storage project with a potential capacity of 250MW. We invite you to our in-person community open house to learn more about the project. Come on by for a coffee and chat with our project team about this exciting development.

Should the project be awarded a contract by the Independent Electricity System Operator (IESO), Ferma Energy will work on obtaining all required provincial and municipal permits while continuing engagement efforts with the community. Project updates and resources will also be made available on the Project Website:
